Georgia's Cotton Crop This Year Is Estimated to Be Worth \$200,000,000—75,000,000 Bushels of Corn.

While a spirit of unrest prevails elsewhere over the country in financial circles, Georgia and this part of the southeast is in the heyday of the most prosperous era in its history.

Georgia's cotton crop this year is estimated to be worth approximately \$200,000,000, and the cotton seed will add about \$20,000,000 more.

The corn crop—the largest in the history of the state—is now estimated to be more than 75,000,000 bushels.

These two factors alone have made Georgia relatively the most prosperous state in America.

Atlanta's clearing house banks have already paid back to New York more than \$4,000,000 borrowed during the summer months to move the crop.

BUSINESS GOOD REPORT AGENTS AT GREAT SHOW

Record-Breaking Crowds at the Auditorium on Friday to View Million Dollars' Worth of Exhibits.

ALL THE NEW DANCES
AT AUTO SHOW TONIGHT

Sousa Agrees to Play Ragtime, Instead of Set Programs, as Wind-Up of the Great Show at Auditorium.

How would you like to own Sousa's band, which plays the last series of concerts at Atlanta's million-dollar automobile show today, just to make it play anything you took a notion you wanted to hear?

The two concert which Mr. Sousa will give the auto show during the evening will be his last for the show engagement. And Friday night he announced that the set programs which have been published for Saturday night will be done away with, and his entire band will be placed at the disposal of the audience in attendance at the show.

Many Requests Received.

Mr. Sousa came to this decision because of the great number of requests he has received since his stay in Atlanta for ragtime tunes and his popular marches.

The people of Atlanta have treated Mr. Sousa royally, and he simply will not leave without filling at least a few more requests.

On Saturday evening, he will play what the public wants. The numerous requests for more of his own compositions have been very flattering, and it will give him great pleasure to play them. And ragtime? If it rattle them they want ragtime it will.

Shortly after it got around at the show that Sousa would play ragtime Saturday night, R. N. Reed, chairman of the show committee, was flooded by a battalion of the younger set.

Mr. Reed's statement was that he was ordered to buy Sousa's band for the purpose of playing ragtime.

Washington Will Give Huerta Another Chance To Eliminate Himself

FOLLOWING WIFE'S DEATH, BRUNSWICK MAN IS ARRESTED

Police Authorities Are Investigating What Is Alleged to Be an Unusually Brutal Murder.

HEAD OF MRS. DAVIS CRUSHED BY BLOWS

Body of Woman Missing for Several Days Is Found Lying Near the Railroad Track.

Brunswick, Ga., November 14.—(Special)—Brunswick and Glynn county officers have been trying all of today to solve what appears to be one of the most heinous crimes ever committed in the county, and while tonight they have in all the hands of Mrs. V. H. Davis, whose mutilated body was found today, no evidence has yet been secured to directly connect him with the crime.

Mrs. Davis who resides near Thalmann, a short distance from this city, disappeared from her home about ten days ago. Since that time relatives have searched everywhere for her, but without success.

It was not until this morning that a trace of her body was found. In a secluded spot in the thick woods, a short distance from the track of the Atlantic, Birmingham and Atlantic railroad here, her dead body was found.

Coroner Jennings was at once notified, and he left Brunswick immediately, accompanied by two or three deputy sheriffs. An investigation was instituted, and it was discovered that Mrs. Davis and her husband, who are connected with the Georgia Cattle Loan Association, had been separated some time, and he was under bond to appear at the next session of the Glynn superior court to answer to a non-support charge.

It was learned that efforts to reconcile had failed, and a brother of the husband was playing an important part in the case.

Other evidence was secured by the coroner and late this afternoon the husband was arrested and brought to Brunswick to answer to a non-support charge.

Owing to the fact that the murder was committed about 10 years ago, and has remained near Thalmann for about 10 years, the coroner did not complete the investigation until today.

The finding of the body has caused great excitement in Brunswick, and it is known around Thalmann and in Brunswick.

The coroner stated tonight that there was every evidence that she had been killed by a blow from a heavy club or some other heavy blow delivered by some person.

The coroner did not complete the investigation until today.

Definite Assurances From Mexican Officials of Compliance With American Demands Expected Soon by Washington Authorities.

CARDEN TELLS HUERTA AMERICA IS BACKED BY GREAT BRITAIN

"We Will Accept No Interference," Carranza, Chief of the Rebels, Declares to Envoy William Hale at Conference.

Washington, November 14.—Instructions from President Carranza tonight indicating to him the intent to repudiate the negotiations with those counselled by Provisional President Huerta, who earlier in the day sought to renew the parleys.

The position of the American government, however, is that unless something definite is promised by the Huerta officials the resumption of the negotiations will be fruitless.

The government will not resume negotiations with those officials close to Huerta until assurances can be given that Huerta's Provisional President is to resign.

This was the status of the Mexican situation late tonight. Efforts by Carranza to induce Huerta to resign were not successful.

Mr. Carranza refused to go back to Mexico City unless some definite promises were forthcoming from General Huerta.

Chairman Bacon, of the foreign relations committee, in discussing dispatches from Mexico City, stated that Huerta's counselors were seeking to reopen the negotiations, declared that the only condition upon which they would be accepted would be the complete surrender of Huerta.

Though administration officials continue to insist that Huerta's elimination was inevitable.

Dispatches from constitutionalists hereafter at Nogales, Sonora, announcing General Carranza's refusal to accept any "transaction" with foreign nations looked toward a resumption of Carranza's internal affairs, was not commented upon by government officials here. It was suggested in some quarters that General Carranza's declaration was intended chiefly to stir any feeling in Mexico which was entering into a situation that might be made an issue, it is recalled here, and develop discord among the followers.

The Washington administration, however, through William Bayard Hale, it is stated on the authority of President Woodrow Wilson, has never offered mediation or any other interference with a view to the restoration of Huerta to the presidency. The sole purpose of the parleys through Mr. Hale, it is pointed out, was to bring about a settlement.

INTEREST IS GREAT IN GEORGIA DINNER

Tickets Are Selling Rapidly and Big Crowd Will Be Present.

Every Atlantian who intends to be present at the 1,000-plate Georgia dinner, to be given next Tuesday evening at the Auditorium under chamber of commerce auspices, had better take a straight tip and hustle to Connel's Whitehall street drug store or Elkin's drug store at Five Points, and get his ticket. If he waits too long there may not be any ticket there.

To begin with these tickets are limited in number. They are not like any other tickets that were ever issued for a banquet, because like the dinner itself they are not designed to make money for anybody or even to pay expenses but simply to spread the fame of Georgia products. The result is that each ticket is worth a whole lot more than its full value.

Supplies Are Donated.
Many of the supplies for the dinner have been donated free and while the ticket is \$2.00, the meal itself is one that could not ordinarily be served for \$5.00 a plate. In addition to that, each one of the dinner tickets has a long string of coupons entitling the holder to a number of articles free, which total up in themselves almost as much as the original price of the ticket. A pair of socks, a glass of jelly, a box of crackers and several other practical and useful articles are included in the list.

Needless to say these tickets are going like hot cakes. Several hundred of them have been placed in the hands of the members of the City Salesman association, thanks to the kindness of President Simmons, and these active Atlanta boosters are selling them right and left. The chamber of commerce members can get tickets as long as they last by writing direct to Ivan Allen, at the Chamber of Commerce, and enclosing check.

Dinner for Everybody.
No discrimination, however, is being made in favor of any particular class of people. This is a dinner for everybody and as long as there are any tickets left to sell some of them will be on sale at the two public stations. Nothing that the Atlanta Chamber of Commerce has instituted in recent years has excited more general enthusiasm than this dinner. The Georgia dinner will be the most magnificent ever given in the city. The speakers will be Governor Hiram Woodruff, Hon. Fuller E. Callaway, Albert Howell, Jr., will act as toastmaster.

HUNDREDS PAY HONOR TO GEORGE H. DEHL

There was not a vacant seat in the church of the Immaculate Conception yesterday morning at 9:30 o'clock when the pallbearers carried the casket of George A. Dehl, an Atlanta pioneer and one of the most widely-known citizens, who died Wednesday, moved along the center aisle to the pulpit rail, where Father Quinlan of that church and Father Jackson of St. Anthony, were waiting.

Great banks of flowers were piled into practically every device and form that might carry enough of the sorrowful senders had preceded the assembly and were banded about the altar. The funeral in an almost careless manner because of the profound grief of the people, from associations and societies with which Mr. Dehl had been associated, and from nearly 50 members who had worked under Mr. Dehl in the Western and Eastern divisions of the roundhouse and shops for more than a quarter of a century.

As the casket was moved up the aisle the vast assembly of people, not the church service which brought the assembly to the church, but the one-third of the audience were Catholics. It was the love of the man who had been the friend of nearly all that actuated them. The gray-haired negro who was a foreman in his line of work when Mr. Dehl was yet saving his apprenticeship was there with his homages, and as he came to his feet every other negro arose, as if it were their duty to follow Mr. Dehl, who had trained them and made men of them.

ST. PAUL'S CHURCH WILL HAVE HOME-COMING

St. Paul's Methodist church will celebrate the last Sunday of the conference year with a home-coming and reunion tomorrow. The church has an honored one of the best years in its history, receiving over four hundred new members and paying all of its financial obligations. The pastor and members, therefore, feel that the close of the conference year should be fittingly observed.

Dr. B. F. Fraser, the pastor, will preach a special sermon Sunday morning on "The Lord in the Ship." The subject of his sermon Sunday night will be "The Unchangeable Power." Dr. W. P. Lovelock, the presiding elder for the Atlanta district, will on Monday evening hold the fourth quarterly conference at St. Paul's church when his election of stewards and Sunday school superintendents will take place.

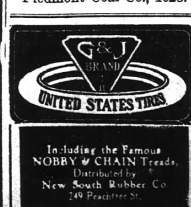

Blaise Collins Denny will convene the North Georgia Methodist conference at Elberton next Thursday. At that time all the pastors in this district will be assigned to their churches. Dr. Fraser has so successfully taken care of St. Paul's church and he is deeply beloved by the congregation, it is believed that his strong efforts which will be made to sustain him will meet with the approval of the conference.

Dr. Fraser says he hopes that every member of his church will be present at the services Sunday morning and Sunday evening, and at the meeting Monday night.

THAW HEARING NOW SCHEDULED FOR NOV. 16

Concord, N. H., November 14.—Council for Harry K. Thaw and the state of New York were notified today that Judge Edgar Aldrich, of the United States district court, had set for preliminary hearing here November 16 in connection with the habeas corpus proceedings instituted by the Mattieson family.

"What Doth It Profit?"

Beer and Liquor Increase Taxes and Crime, Disease, Degeneracy and Pauperism.

"One Dollar in—Two Dollars out.

"For every dollar that the State received in 1912 from liquor licenses, it paid out over two dollars in caring for the criminals, paupers and insane brought to our institutions through drink."

This is the evidence of Massachusetts.

A. D. Cutler was Police Commissioner in San Francisco.

He writes:—"I notice a paragraph saying that 'DIRECTLY, INDIRECTLY ONE-HALF OF OUR CRIMES ARE DUE TO DRINK'—"

"While Police Commissioner in San Francisco, it was my custom to examine the records of the City Prison frequently showing all the crimes and other particulars attending arrests that numbered about 200 daily, and my conclusion was that FULLY 90 PER CENT WERE DUE DIRECTLY OR INDIRECTLY, TO THE USE OF LIQUOR.

"Again, all saloons in San Francisco were closed for thirty days following the great fire in April, 1906, the result being that there was so little police duty necessary in spite of the great confusion growing out of the fire that one-half of the police force were given vacations for periods of from ten to thirty days.

"When the saloons were again opened the officers on vacation were recalled as it was deemed necessary to place the entire force on duty because of the increased crime and disorder."

The Massachusetts Prison Commission reports:

"NINETY-FIVE PER CENT OF THOSE WHO WENT TO PRISON IN 1911 had intemperate habits."

The records of the Leipzig Sick Benefit Society show:

"Over 95 per cent more accidents TO WORKMEN WHO DRINK than to workmen in general."

"Of the children of drinkers, 10 per cent WILL HAVE CONSUMPTION, of the children of total abstainers only one and eight tenths per cent."

"A scientist having investigated 800 cases, announces:

"Of children born to alcoholic parents, one in every five will be hopelessly insane, one in every three will be hysterical or epileptic, and more than two-thirds will be degenerates."

You see—

YOU NEVER DRINK?

Notwithstanding—

Beer and liquor today are adding to your taxes.

Beer and liquor are endangering the lives of your wife and children by increasing insanity and disease and instigating crime.

Beer and liquor are breeding degeneracy in the coming generation and making paupers in this.

Why should you let the traffic continue?

Why should you help other men to fasten this curse upon yourself, your family and us?

A PRECEDENT OF PROSPERITY.

The banks of Atlanta have established a
precedent of property that is brand new
in the history of the city. The country
banks of Georgia are relatively in the same
position. Banks are unfailing barometers
of general financial condition.

Here's the status:
The banks of Atlanta have paid back to
New York every dollar they borrowed with
which to finance the cotton crop. Beginning
with the opening of the cotton season,
money usually flows steadily southward
from New York to handle the nation's
biggest staple crop. As a rule, therefore an
invariable one, the indebtedness thus created
has not been liquidated until March.

Here it is just the middle of November,
and the funds drawn from New York by the
Atlanta banks have been returned.

The cause is of course easily explained.
Cotton has been ranging at a uniformly high
price of from thirteen to fourteen cents.
The price itself was created by the slump
in conditions in the western half of the zone,
which held production down and stabilized
prices at a high level. The eastern zone
of the cotton belt produced nearly a normal
crop, and Georgia led every state in the east-
ern zone. This gave Georgia of all cotton
states the priority in drawing upon the
huge tide of gold coming here for cotton.

The result is that, as predicted by F. G.
Coker, of Dublin, there is 20 per cent more
money in circulation than at any time in the
state's history.

There is as much more money in cir-
culation in Georgia than customary at this
time of the year that the process of liqui-
dation with the New York banks has been ex-
pedited almost four months. The abnormal
quick cancellation of the New York bal-
ances is the healthiest financial sign ever
exhibited in Georgia.

That fact isn't only the Atlanta
banks "broken even" with the New York
banks, but they are buying New York and
Liverpool commercial paper.

The same cause has produced a slightly
different symptom, but one that is equally
significant with the country banks of Geor-
gia. They have more money on deposit
today than in years. These funds must be
invested. What better or more profitable
use of using it, than by so placing these
idle funds as to enable farmers who have
not yet disposed of their staple, to hold it
for the rise in prices that is inevitable?

The banks will be absolutely secure. They
can lend upon the basis of even three
fourths of the present market value of the
staple and still enjoy a wide margin of
safety. It is axiomatic that cotton bounds
upward beginning with January. There are
thousands of bales still in the hands of the
Georgia producers. There is good reason why
each one of these bales should not bring
from eight to ten dollars more next spring
than their present value. If the banks over-
good advantage, and to help themselves
while helping the state, here is an excellent
outlet.

And the Constitution is advised that the
country banks are doing this very thing.

RAILROAD MISTAKES.

Concomitantly with the announcement of
a strike on the Southern Pacific railway
comes the statement that the railroad, "at
the eleventh hour," appeared to arbitration
under the Erdman act, as amended by the

Newlands provision. Of course, it appeared
too late.

That is one mistake that railroads, as
well as employers, and corporations of every
description, are likely to make. To be effec-
tual, arbitration should be invoked
before feeling has run high or prejudices
have crystallized. After men with a griev-
ance, fancied or real, have been put off for
play, they are not likely to be in a
conciliatory humor, or one that will induce
them to listen to the suggestions of a com-
promise. They will be justified in viewing
such belated proposals as not in good faith,
but in the nature of stalling for time.

Each development of this nature is a
clinging argument in favor of compulsory
arbitration. As it is now, the people and the
business of a great territory are threatened
with a railroad strike. This may mean
absolute stagnation, and a money loss hard
to compensate. In the long run, the ulti-
mate consumer will pay the freight in in-
creased rates to pay for higher wages and
lost time.

STRIKERS REFUSE
MEDIATION OFFER

With Only Two Exceptions,
Entire Atlantic System of
Southern Pacific Railroad
Is Tied Up.

Washington, November 14.—President Wilson late today instructed Assistant Commissioner Hanger, of the Board of mediation and conciliation, to proceed at once to New Orleans to aid in settling the strike of Southern Pacific railway operating employees.

Houston, Texas, November 14.—Except for two trans-continental passenger trains, the Atlantic system of the Southern Pacific railroad was reported tied up by strike today.

Mediation by the federal board at Washington has been refused by the men. Early this afternoon both sides appeared to be preparing for a long struggle.

Early today some unidentified person started a large passenger engine, letting it run wild in the yards here. All it was doing was to burn up the Southern Pacific tracks in another part of this city. Union leaders announced that the strike men would not take to prevent violence by strike sympathizers.

The four unions involved embrace trainmen, firemen, conductors and engineers and their helpers.

The business of the city before noon was terminated. A railroad committee was appointed to draft a message to the president.

The westbound train carrying the mail left here before noon. It was manned by a mixture of employees of the Southern Pacific and the federal board.

No disorder was reported. Union officers said they believed the strike would spread to the far western lines of the Southern Pacific. They said they believed employees of the Pacific coast and the coast would go out in sympathy. Nothing, however, was vouchsafed to substantiate this belief.
